HPSCI

MEMORANDUM FOR: Deputy Director of Central Intelligence

FROM: Director, Office of External Affairs

SUBJECT: Proposal to Brief SSCI and HPSCI Staff Directors on the Polish Situation

1. In view of your approval of my recommendation to provide Diana Smith, SFRC staff, a briefing on the Polish situation using sensitive source information and in view of the Acting NIO/USSR-EE views (separate memorandum), I recommend Legislative Liaison Division offer the Polish situation briefing to Abe Shulsky, SSCI Staff Director (Minority) and to Tom Latimer, HPSCI Staff Director. This would be done in lieu of briefing the Chairmen of the SSCI and HPSCI who are not presently in Washington.

2. If you approve this recommendation, I would propose
 Acting NIO/USSR-EE, brief Messrs. Latimer and Shulsky.

THE DIRECTOR OF CENTRAL INTELLIGENCE

WASHINGTON, D. C. 20505

National Intelligence Officers

DDI #068-82
6 January 1982

MEMORANDUM FOR: Deputy Director of Central Intelligence

VIA : Chairman, National Intelligence Council

FROM : 
Acting NIO/USSR-EESUBJECT : Briefing on Soviet Involvement in Poland 

25X1

25X1

1. Jack Scanlan, DAS/USSR-EE, has informed me that members of three senatorial staffs (Levin, Hatfield, Moynihan) have called the Polish Desk and inquired about USG knowledge of Soviet involvement in Poland. Since these calls were made by staffers, the Polish Desk was able to refer them to the Congressional Liaison Office. However, Scanlan feels that there will probably be more calls, possibly from senators. In that event, we will have to determine whether to provide the Senate a briefing along the lines of the one being given by Assistant Secretary Eagleburger.

2. I suggest we preempt these probable senatorial requests and arrange for a briefing confined to key senators only. If you agree I shall be happy to do the briefing or participate in its preparation as you may direct. At the very least, we should anticipate a senatorial request and decide ahead of time how we want to respond.

All portions of this
memorandum are SECRET
